# MULTI-POINT LATCHING SYSTEM

## FOR GILBARCO ENCORE SKIRT DOORS

This field retrofittable multi point latching system uses the high security locking capability of CompX TuBAR locks for maximum security.

- ◆ Multi point latching mechanism secures the top and both top corners of the skirt door
- ◆ TuBAR lock with high security collar gives easy high security single key access
- ◆ Additional bottom interlocks enhance existing lower tab and middle hook interfaces creating unmovable security
- ◆ CompX can match existing TuBAR key codes
